

# Schedule for Residents and Neuropath Fellow

(updated 7.28.06)

|       | Mon       | Tues            | Wed                     | Thur                   | Fri                        |
|-------|-----------|-----------------|-------------------------|------------------------|----------------------------|
| 8:00  | Didactics | UW              | NS/NP GR (semimonthly)  | UW                     | ADRC BC (at HMC)           |
| 8:30  |           | UW              |                         | UW                     |                            |
| 9:00  |           |                 | Childrens Conf          | Travel to HMC          |                            |
| 9:30  |           |                 |                         |                        | Autopsy Conf (semimonthly) |
| 10:00 | HMC BC    |                 |                         | KCME Conf <sup>▲</sup> |                            |
| 10:30 |           | Travel to HMC   |                         | (optional)             |                            |
| 11:00 |           | Muscle/Nerve SO |                         |                        | Muscle/Nerve SO            |
| 11:30 |           |                 |                         | Travel                 |                            |
| 12:00 |           |                 |                         |                        |                            |
| 12:30 |           |                 | Neurology CPC (monthly) |                        |                            |
| 1:00  |           |                 |                         | Travel to HMC          |                            |
| 1:30  |           |                 |                         |                        |                            |
| 2:00  | NP SO     | NP SO           | NP SO                   | NP SO                  | NP SO                      |
| 2:30  |           |                 |                         |                        |                            |
| 3:00  |           |                 |                         |                        |                            |
| 3:30  | Eye SO    | Eye SO          | Eye SO                  | Eye SO                 | Eye SO                     |
| 4:00  | NP Gross  | NP Gross        | NP Gross                | NP Gross               | NP Gross                   |
| 4:30  |           |                 |                         |                        |                            |
| 5:00  |           |                 |                         |                        |                            |

## Responsibilities of NP Fellow and Residents rotating thru NP

|                           | Fellow                  | Path Resident      | Neurology Resident |
|---------------------------|-------------------------|--------------------|--------------------|
| <b>Hours</b>              | minimum 8am-5pm         | minimum 8am-5pm    |                    |
| <b>Call</b>               | First call for frozens* | Attend all frozens | Attend as possible |
| <b>Conf presentations</b> | NS/NP GR                | Autopsy Conf       | Neurology CPC      |
| <b>SO's</b>               | Preview all cases       | Preview all cases  | Attend as possible |
| <b>BC's</b>               | Attend all              | Attend all         | Attend as possible |

<sup>▲</sup> KCME conference is sponsored and organized by KCME. Drs. Alvord and Shaw do brain cutting at this very educational but optional conference.

\* means that the fellow carries beeper for NP frozens for direct contact from OR and fellow then pages the attending (a must especially for after-hours).

|                          | Beeper (alpha.numeric)  | Cell         | Office               | Home         |
|--------------------------|-------------------------|--------------|----------------------|--------------|
| <b>Born</b>              | 982-4958                |              | 731-2942             | 206-361-9385 |
