IRB Approval

Under FWA #00006878, the IRB approved your activity from 11/9/2017 to 11/8/2020.

- Your application qualified for expedited review (“minimal risk”; Category 5).
- This 3-year approval period applies only to research that is not federally-supported. If you obtain federal support during this time, you must immediately submit a Modification with the new funding information.

Determinations, waivers, and regulations

The IRB made the determinations and waivers listed in the table below.

Requirement	Determination or Waiver
Consent	Waived
HIPAA Authorization	Waived
Involvement of children	Approved
Parental permission	Waived
Assent	Assent is not required from very young children Assent is waived for all other children
Involvement of pregnant women	Approved, though pregnant women are not a target population
Involvement of neonates of uncertain viability	Approved, though neonates are not a target population

Thank you for your commitment to ethical and responsible research. We wish you great success!

Sincerely,

Laurie E. Berger
On behalf of IRB A
