

PARTNERS in HOPE

Noel House Programs • Rose of Lima House

Noel House Programs provide safe and comfortable shelter for a diverse community for homeless women, particularly those most vulnerable.

Noel House provides shelter for 40 women on any given night. But many more women than that arrive at our door each night seeking help. Our organized network of shelters allows Noel House Programs to shelter women while they wait for a bed to open up at Noel House.

In addition to the 40-bed shelter at Noel House, we also operate a staffed off-site 25-mat shelter at St. Mark's Cathedral.

Additionally, each night 22 women are shuttled to volunteer-run shelters located at local congregations:

- St. John's Catholic Church
- Temple de Hirsch Sinai
- Woodland Park Presbyterian
- Holy Rosary Catholic Church

In total, 87 homeless women receive shelter every night of the week from Noel House Programs' shelter network.
